05/28/2026		Ford Motor Company	Manufacturer Safety recall issued NHTSA #26V344 Recall #26S34 FRONT SEATBELT RETRACTOR DATE CODE INSPECTION Status: Remedy Not Yet Available Locate an authorized Ford or Lincoln dealer or call 866-436-7332 to obtain more information Learn more about this recall

Description: Your vehicles driver and or front passenger seatbelt retractor pretensioners may deploy inadvertently while the vehicles engine is on. Previously, your vehicle may have had safety recall 24S06 NHTSA Recall 24V099 or recall 25S31 NHTSA Recall 25V197 completed. Ford has expanded the recalled pretensioner range and vehicles inspected or repaired under those prior safety recalls are now included in this recall.

Inadvertent deployment of the retractor pretensioner will result in the seatbelt being locked in position and will not retract or extend, which is noticeable to the occupant. A seatbelt that does not retract or extend may result in injury in the event of a crash. In some cases, inadvertent retractor pretensioner deployment can cause occupant injury due to rapid seatbelt retraction.

Remedy: A remedy is not yet available. Ford Motor is working to provide parts for this repair as soon as possible. When the remedy becomes available, Ford Motor Company will notify you via mail to schedule a service appointment with your dealer for repairs to be completed free of charge. The remedy is anticipated to be available by September 30, 2026.

**Glossary****First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ford or Lincoln Mercury Recall

The Ford Motor Company provides CARFAX with Field Service Action and recall information regarding safety, compliance and emissions programs announced since 2000 for a specific vehicle. For complete information regarding programs or concerns about this vehicle, please contact a local Ford or Lincoln Mercury Dealer.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
