Description: Perform FSAM-1794

Rivian has decided that a defect which relates to motor vehicle safety exists in certain model year 2022-2025 R1T and R1S vehicles. Vehicles that received service involving the fastener that secures the rear toe link and knuckle prior to March 10, 2025 may have been serviced with an older procedure. This procedure may result in a joint that was not reassembled to design intent and could experience unintended forces. In certain cases, if a toe link was serviced using the earlier service procedure, vehicle motion may eventually cause toe link joint separation. Separation of the toe link while the vehicle is being driven increases the risk of a crash without prior warning. Pursuant to its recall determination, Rivian will replace the affected fasteners on the affected vehicles using the updated service procedure.

Remedy: Pursuant to its recall determination, Rivian will replace the affected fasteners on the affected vehicles using the updated service procedure.

CARFAX Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
